

June 2020

BUSINESSES ARE STARTING TO REOPEN

We are increasing the number of PPR staff in the office. Starting Monday, June 8, we will have up to 3 staff persons in the office, making sure to wear masks and keeping appropriate distancing when interacting. We are still asking that you call if you would like to visit the office. We ask that our visitors wear masks as well. We appreciate and value your business and your help keeping all of us healthy.

The Michigan State Medical Society has a number of tele-town hall meetings scheduled as well as a Safe Return to Practice Toolkit. Find information at the link below:
